Prof. Mamoru Yamada, PhD  
Dean, Faculty of Agriculture, and Graduate School of Agriculture  
Yamaguchi University

**Dear Prof. Mamoru Yamada, PhD,**

We are pleased to inform you that the following three your students have been accepted to stay in our university for a period of study from 25 Aug to 30 Sep 2013 in the program called short-term stay/short-term visit, which is supported by Japan Student Services Organization (JASSO). We hope that this visit can provide students with educational enrichment which will remote a better understanding between Japanese and Vietnamese students. It is expected that exchange students get benefits from language skills, analytical and communities skills and culture acquisition. By this program, it is hoped that they will promote further mutual understanding between our two universities, serving as bridges in the Can Tho University and Yamaguchi University relationship.
